

January 1st - Sunrise over Diamond Head, Honolulu. Hawaii.

Founding and the First 10-Year History of Alohahawaiionipaa org, A Not-For-Profit Public Benefit Corporation

A. Background and Establishment of alohahawaiionipaa org

2009 After retiring in Hawaii, Klaus Radtke witnessed the protests held by Native Hawaiians in front of the Honolulu Convention Center at the 50th year of Hawaii Statehood celebrations held on Friday, August 21, 2009. Having come to the United States in February 1959 before Hawaii became the 50th state with big celebrations on Friday, August 21, 1959, having collected stamps from this event and having been educated from 11th grade in High School through his Ph.D. at U.C. Berkeley in 1981, he was not aware of the overthrow of the Kingdom of Hawaii (toppled by US business interests and its military in 1893). After witnessing and photo-documenting the disturbing events of August 21, he somewhat understood the hostility shown to him on occasion by some Native Hawaiians and studied the Hawaiian history which was later incorporated into the AHOP org website.

2009 Having volunteered in California in support of environmental issues already for manty years and having founded a California nonprofit (National Foundation for Environmental Safety-NFES) to support such causes before their retirement in Hawaii in 2005, Klaus, Yoshiko and friends also strongly supported such causes in Hawaii. They had joined/supported the Conservation Council of Hawaii because of the strong leadership of its Executive Director Marjorie Ziegler whose sudden death on October 14, 2018 left a great void.

2011 On October 11 Klaus, Yoshiko and John were introduced through friends in California to Hawaiian "singer/entertainer" Audrey Chandler (Concierge of the Year 2000 Award-Hawaii Hotel Association, performing as a musician at the Princess Kaiulani Hotel, Moana Surfrider and the Sheraton Waikiki for Auntie Pua Kapele Halau`s (Hula Group) twice a month and also teaching Hawaiian cultural activities i.e. lei making, hula, ukulele,+ more.

2012 08-11 We hired Audrey Chandler on August 11, 2012, as an entertainer for the first mango fest in Waimanalo. With her many talents, she helped make it a truly enjoyable and memorable event.

2012 8-11 Attendees at the upper mediation hut for the hula show at the first mango fest.

Klaus, Yoshiko, John and Audrey explored avenues to start a business in support of Native Hawaiians and in perpetuating of their culture. With everyone's help Klaus designed and then funded the first printing of 932 Hawaiian Kingdom Clinton Apology T-shirts, first searching Oahu wholesalers for the best and most durable shirts for silk screen printing (Excise license Klaus Radtke #W01452168-01). The writing on the front mirrored Native American T-shirts that became popular at that time stating HOMELAND SECURITY – Fighting Terrorism since 1987 and highlighted an 8-color silk screen printing of the Hawaiian Kingdom logo. The back quoted part of US Public Law 103-150 enacted by the Congress of the United States on the 100-year anniversary of the illegal overthrow of the Hawaiian Kingdom and signed by President Clinton on November 23, 1993, as follows: "…apologizes to Native Hawaiians on behalf of the people of the United States for the overthrow of the Kingdom of Hawaii on January 17, 1993, and the deprivation of the rights of Native Hawaiians to Self-Determination…"

06/12 Autrey and Sam perform at Waikiki hotels with Auntie Pua`s hula group and publicize the Hawaiian Kingdom T-shirts. Yoshiko's friends, relatives and former business associates that visit also buy hundreds of T-shirts and introduce them to friends at home.

07-10 Aloha Hawaii Oni Pa`a was incorporated on July 10, 2013 with incorporation papers filed with and accepted by State of Hawaii with Klaus (71th birthday) as President, Audrey as Secretary and John as Treasurer. Klaus' home in Waimanalo listed as address and official H.Q. for AHOP. **Bylaws Section 3 — *Purpose: Alohahawaiionipaa.org is a secular nonprofit public benefit corporation that works with and supports persons regardless of race, color, creed, religion, gender, or political preference and is supported largely by voluntary contributions from friends of the Foundation who share its vision of a better world. It supports specific charitable purposes which include, but are not limited to, furthering women's health, education, and to bettering the lives of largely Native Hawaiians through social interactions with people from around the world and through the support they may provide in alleviating poverty and in keeping the Hawaiian spirit, culture and heritage alive and flourishing.***

07-29 Employer Identification Number (EIN # 90-1007398) received from IRS.

09-04 On September 4, 2013 Klaus filed with the IRS Form 1023 (application for Recognition of Exemption under Section 501@(3) for tax exempt status) and described its major aims as keeping the Hawaiian spirit, heritage and culture alive and flourishing (and, with the help of the International community, creating family-supporting jobs as well). The application was accepted for review on September 20, 2013.

Throughout the second half of the year many functions are attended and supported, introducing alohahawaiionipaa (AHOP), its mission and products such as: 08-13 Gabi Festival in Waimanalo; 08-23 Duke's Festival in Waikiki; 09-18 AHOP Aloha tent at Kapiolani Park; 10-19 Hokulea's homecoming in Waimanalo; 10-05 Audrey performing at Nami festivals and walks and introducing the Kingdom T-shirt; 12-24 Audrey, friends and John supporting and participating in Makahiki festival in Waimanalo along with the AHOP tent.

11-22 - Yoshiko and Casey with 20 Japanese friends and supporters wearing the Hawaiian Kingdom T- shirts.

2014 06-21 First annual mtg. of alohahawaiionipaa org w/o tax-exempt status at Waimanalo.

06-25 Letter from IRS dated 2014 6-25 suddenly received on July 2, granting ***Aloha Hawaii Oni Pa`a org*** tax exempt status retroactive to July 10, 2013 (original Articles of incorporation filing date with State of Hawaii).

10-09 AHOP org filed with the Hawaii Department of the Attorney General the Application for Recognition of Exemption from Registration under Hawaii's Charitable Solicitation Law (less than $25,000 in annual contributions, no employment of professional solicitor)and received official approval on October 15, 2014.

Leading up to and after its incorporation, AHOP org cooperatively carried out the following:

1. On August 12, 2013, in a 4-page letter that analyzed the proposed ***Draft Forest Management Plan for the Waimanalo Forest Reserve*****,** the plan proposed largely fruit tree planting on present forest land and was opposed (based largely on scientific arguments) as being not commercially feasible and also taking away from and not benefitting the Hawaiian community.
2. In August the Waimanalo Business Association was formed with Ryan Kalama as chair. Starting on August 28, 2013 letters were forwarded in his name to elected officials (President Obama to local politician) for assistance with Hawaiian causes inclusive of a Waimanalo Fishing Village.
3. In September 2013 AHOP org worked with Ryan Kalama at his request to help to develop a Malema Healing Retreat Center.
4. On October 19th, 2013 AHOP org members met with Ryan at his home after the welcome ceremony for the crew of the Hokule`a during the Waimanalo Country Fair on October 19th, 2013 to further discuss the Makahiki event, proposals for supporting the Waimanalo Fishing Village, his request/acceptance of the invitation as new director of alohahawaiionipaa.org and share fruits from our gardens. A photo was taken at 3:15pm after the meeting along with Eric Kane who wasliving with him. Sadly, irreplaceably, Ryan passed away overnight with Eric becoming homeless and we having provided a home for him ever since.

5. After the death of Ryan Kalama AHOP org refocused on launching a signature drive for establishing a Hawaiian Cultural Center Village in Waikiki that could provide near beach low-cost housing for about 450 families as well as livelihood business projects for hundreds of families. A spin-off from it would be to establish a Cultural Exchange Program to bring tourist money to Hawaiian communities based on largely foreign E-mail leads received for the HCCV signature drive. So far, almost 1,000 signatures had been collected already in support of a HCCV (about 600 from Japan and 400 from the US). It was hoped that by the end of June 2015 these numbers could be doubled.
6. In addition, AHOP org supported Hawaiian community projects such as the 2014 8-16 Ewa Beach Community Ohana Festival as well as outreach programs such as Nami (National Alliance for Mental Illness). AHOP org also set up its tent continuously at visible locations such as Farmers Markets where it provides information for tourists and locals alike on Hawaiian cultural aspects and history inclusive of reading materials.

A TAX-EXEMPT PUBLIC BENEFIT CHARITY
under section 501 (c) (3) of the Internal Revenue code whose major aims are to keep the Hawaiian spirit, heritage and culture alive and flourishing.

2014-15 Designed and proposed a Hawaiian Cultural Village at the Jefferson school site in Waikiki that would provide living wage employment and housing for Native Hawaiians. Collecting over 1,000 signatures throughout the year for its support. Project support, tax-exempt banners printed. Web site designed and hosted by Casey.

Senate Bill 237 (21st Century School Bill) allowed the State to lease public school lands at three locations for 55 years or longer. Such private development does not have to include schools and they can be torn down to include buildings that have "non-school purposes" as long as they meet public uses such as "Workforce rental housing units." The greatly underutilized Thomas Jefferson school site, the last open space in Waikiki, was one of the three locations for closure In SB 237 as it sits on almost ten acres of prime real estate. The site was a top choice for closure as it would provide maximum financial benefits to the state. (However, largely because of strong protests from occupants of surrounding upscale high-rise hotel and condominiums who were concerned about their ocean and Diamondhead views and other special interest groups the Jefferson School site was removed for the time being from closure considerations from the bill.

The public support gathering and fundraising drive for the Hawaiian Cultural Center was officially opened about noon on August 16th, 2014. Ceremonial Pu (Shell Horn blowing), Oli (Hawaiian Chant) and the unfolding and wearing of the Kihei (Hawaiian ceremonial cloth) preceded the unrolling of the banners publicizing the "WE HAVE A DREAM" Hawaiian Cultural Center project. From their morning performance at the Sheraton Hotel in Waikiki, the Hawaiian Hula Dancer group Hula Halau O Pua Kapele under the direction of Auntie Pua Kapele from Kaneohe proceeded to the Jefferson school site in Waikiki, enchanting guests performances with their graceful hula dances. Auntie Pua had been recognized and honored by the State of Hawaii for sharing the culture of hula for decades at the Lexington Hotel in New York City. Hawaiian music continued during the early afternoon while Historian Kumu Waianuhea was giving free hula lessons.

08-16 - Hula Halau O Pua Kapele enchanting guests with performances of their graceful authentic hula dances.

Hawaiian Cultural Center Village (HCCV) Concept - Community Benefit Highlights

1. The over 10-acre Thomas Jefferson School site – formerly Hawaiian Kingdom crown lands – shall be reconfigured to accommodate both the Jefferson Elementary School and a native Hawaiian Cultural Center Village while still maintaining the open space concept of the site.
2. The proposed more inclusive, new 4-story elementary school will also include a community center and adjacent parking structure that can be shared with the local community forDepartment of Education (DOE)rental income and alleviate neighborhood parking problems.
3. The HCCV high rise provides 450 low-to-moderate income housing rental units and a true Hawaiian-operated hotel of about 100 rooms with its location selected to minimize view blockage from existing buildings. It also includes a senior citizen center and on-ground preschool.

4. Native Hawaiians will be prioritized for 300 of the rental units, with the remaining units earmarked for employees of the Waikiki hotel industry to eliminate commuting.
5. The high rise is being designed to be the most energy-efficient high rise in Hawaii with trade winds-capture for A/C.
6. Parking structures proposed at the HCCV and DOE sites, while providing additional income, will also eliminate the present parking acute shortage for the zoo, beach goers, and for functions held at Kapiolani Park.

Klaus testified at OHA in a contentious meeting as follows: "We strongly support the expansion

of the Monument for a sustainable earth and the benefit of all Hawaiians but especially Native Hawaiians. We strongly support that OHA becomes a part of the management team of the expanded monument. It is presumptuous that scientists are expected to have all the management solutions. Nature has! We have to look beyond our self-interests and let nature recover through the expansion of the Sanctuary. OHA has to step up to the plate, strongly support the expansion and become part of its management team. Native Hawaiians do have the expertise!" Motion to approve and be part of the management team then passed by the OHA Board of Trustees.

Proposing Waimanalo Rainbow Village-A truly affordable 448 housing unit village

Visualized with paintings by a well-respected Hawaiian artist, AHOP org also proposed the concept of Waimanalo Rainbow Village -A truly affordable 448 housing unit apartment village with ready access to the beach adjacent to Highway 72 (Kalanianaole Highway) on much less than 9 acres of the City and County of Honolulu 74.76-acre Waimanalo Bay Beach Park parcel, formerly part of Bellows Air Force Station, now also known as Sherwood.

Helping to Solve Homelessness the Compassionate Way

The affordable housing and homeless crisis had become an unresolved and growing festering sore in Hawaii already before the Covid-19 pandemic, and will likely explode further as rent subsidies and employment for the most-in-need dries up further. While it was hoped that people would become more compassionate during the pandemic, we seem to be back to old norms. Proposed short-term-gap measures or even long-term solutions proposed, whether in Kailua, Kaka`ako, Waikiki, or anywhere else, are often met with the old outcry "Not IN OUR NEIGHBORHOOD" by often misguided local community activists.

But why did it have to come to that? Well, the price of Real Estate along with Real Estate speculation, as largely seen throughout Hawaii, increased astronomically over the last 15 years with the seemingly sole focus on the Tourist Industry, so that even just a simple three-bedroom home cannot be purchased under $700,000 even in Waimanalo. With no "Living Wage" in sight for Hawaii, which totally depends on the Tourist and Military Industry with attractive but high-priced homes largely built for overseas investors, people failing to pay the rent will end up on the streets. And once on the street, how long will it take for one to physically and mentally deteriorate? So, the solution for many was to either move to the Big Island or leave Hawaii while they still had coins in their pockets,

Amended Section 3 of the Bylaws so that they are more inclusive for the projects initiated and carried out by AHOP org such as affordable housing. partnering with the Coalition to Mitigate the Impacts of Sea Level Rise (CMISLR), providing Scholarships and Internships.

Purpose: *Alohahawaiionipaa org (AHOP) is a secular, nonprofit, public benefit corporation that works with and supports persons regardless of race, color, creed, religion, gender, or political preference. It thrives to better the lives of largely Native Hawaiians through social interactions with people from around the world and the assistance they may provide in alleviating poverty and keeping the Hawaiian Aloha spirit, culture, and heritage alive and flourishing.*

Addition

Through education, personal responsibility, and example, AHOP also supports and may initiate projects that: a) further women's health and the importance of family planning, b) provide for affordable housing and the alleviation of homelessness, c) mitigate the impacts of Climate Change and related Sea Level Rise on a personal basis and through advocating local,

State-wide, Federal, and world-wide initiatives that aim to accomplish this. This also includes food security/self-sufficiency where feasible. To assist with accomplishing some of these goals, AHOP also offers Scholarships and Internships at the College level.

Nov. 18, 2017 – Makahiki Festival – Hawaiian Civic Club of Waimanalo, Alohahawaiionipaa org.

The Makahiki season was the ancient Hawaiian New Year festival in honor of fertility god Lono. It covered four consecutive lunar months from approximately October/November through February/March. The beginning of Makahiki generally is fixed each year by astronomical observations. For example, on the Island of Hawai'i, when Makali'i (Pleiades) star cluster rises shortly after sunset, usually on November 17, the rising of the following first crescent moon marks the beginning of Makahiki. War was forbidden during this time period. The first phase of the three-phase Makihiki festival consisted of priests carrying the image of Lono (*Akua Loa,* a long pole with white kapa streamers) to each *ahupua'a* (community) where gifts were presented and taxes collected.

In bags donated by Long's Drug Store, gifts consisting of baked goods, fruits, donuts for an instant meal and five one-dollar bills for each child were distributed to 60 children of homeless and needy two days before Christmas. While perhaps just a drop in the bucket compared to the needs encountered, for those we could serve it provided a glimmer of hope.

AHOP org supported CCH`s Manu-o-Ku family-oriented yearly festivals, part of the observance of Earth Month, with donations, manning of an informational table and having `our` hula group and musicians performing. Manu-o-Ku, or white fairy tern, is the official bird of the City of Honolulu and is indigenous to Hawaii and the northwest Pacific islands. It lays its single mostly egg without making a nest largely on tree branches with the parents venturing out to sea to feed its young. Being a seabird returning to land every day, it had assisted Polynesian voyagers in their exploring and settlement of the Hawaiian Islands.

May 26, 2018 - Waimea Valley Hawaiian Heritage.

Waimea Valley is an area of historic cultural significance on the North Shore of Oahu, Hawaii. The valley, being an important place in Hawaiian religion, includes several historical structures including stone terraces and walls constructed during the time of the Hawaiian monarchy. The nutrient-rich volcanic soil combined with a rainy environment provided the resourceful Hawaiians of the area the opportunity to create one of the most prosperous farming communities in all of Polynesia. The area had complex fish ponds, domesticated animal pens, various large farming beds, and was famous for the cultivation of pink taro root stock, a coveted item to the Ali`i (the Hawaiian chiefs). Much of the garden floor was once cultivated for taro, sweet potato, and bananas, with new crops and orchards introduced by Europeans after their arrival (Wikipedia).

May 28, 2018 – Year-round - Ti-leaves Donations to Hawaiians and for Public Functions.

Potted Ti plants and leaf stalks were donated for private and public functions such as to the Mayor's Office of Culture and Art (MOCA) for Memorial Day placement on the graves at the National Cemetery of the Pacific (Punchbowl). Over 1,000 leis were made from our contributions. Ti-leaves were also provided for the Kamehameha Day parade.

June 15, 2018 – Supporting Hawaiian Scholarship Fundraising.

Scholarship fundraisers such as from the Waimanalo Hawaiian Civic Club and Queen Emma Hawaiian Civic Club are supported by attendance of members and guests at these events and further donations from Alohahawaiionipaa org. Additionally, Alohahawaiionipaa org has initiated a 4-year scholarship for supporting BS (Bachelor of Science) degrees in natural resource sciences. The scholarship pays a minimum $2,000/yr. for four years in addition to a computer, Climate Change internships and community support as needed.

2020 Because of the Covid lockdown, the Board refocused its efforts on community needs: Hui Mahi'ai Aina (HMA) (Blanche McMillan)

AHOP org had provided the expertise of its Board members in furthering the development of a Native Hawaiian Homeless Village by president Blanche McMillan of Hui Mahi'ai Aina (HMA) on DLNR "leased" land.

(AHOP org supported the proposed connection of a County commercial water meter to the site with a $2,000 donation deposit, developed a Web site and financial plans for grant applications and the public raising of funds with the information provided by HMA. However, the public raising of funds had to be put on hold when it was discovered that HMA was a private nonprofit 501 C-3 with closely knit family Board members. Since public fund raising such as through Facebook or Go Fund Me can apparently only be done by a public 501 C-3 charity and AHOP org suggested that HMA apply to the IRS for approval for such a change.

This 100+-page document was prepared by Klaus Radtke in 2023 and printed after reviews by all Board members.

Overview of founding of alohahawaiionipaa org with important Conflict of Interest Policy as required by IRS

2012 Audrey Haunani Chandler, Klaus and Yoshiko Radtke, and John Thomas explored avenues to start a business in support of Native Hawaiians and in perpetuation of their culture. With everyone's help Klaus designed and then funded the first printing of 932 Hawaiian Kingdom Clinton Apology T-shirts, first searching Oahu wholesalers for the best and most durable shirts for silk screen printing (Excise license Klaus Radtke #W01452168-01). The writing on the front mirrored Native American T-shirts that became popular at that time stating HOMELAND SECURITY – Fighting Terrorism since 1987 and highlighted an 8-color silk screen printing of the Hawaiian Kingdom logo. The back quoted part of US Public Law 103-150 enacted by the Congress of the United States on the 100-year anniversary of the illegal overthrow of the Hawaiian Kingdom and signed by President Clinton on November 23, 1993, as follows: "…apologizes to Native Hawaiians on behalf of the people of the United States for the overthrow of the Kingdom of Hawaii on January 17, 1993, and the deprivation of the rights of Native Hawaiians to Self-Determination…"

2013 01-30 Application for trade name Aloha Hawai`i-Oni Pa`a for wholesale business approved for Klaus Radtke for five years (K.R. doing Kingdom T-Shirt business under this name).

2013 07-10 Aloha Hawaii Oni Pa`a was incorporated with incorporation papers filed with and accepted by State of Hawaii with Klaus (71th birthday) as President, Audrey as Secretary and John as Treasurer. Klaus' home in Waimanalo listed as address and official H.Q. for AHOP.

Bylaws Section 3 — Purpose: Alohahawaiionipaa.org is a secular nonprofit public benefit corporation that works with and supports persons regardless of race, color, creed, religion, gender, or political preference and is supported largely by voluntary contributions from friends of the Foundation who share its vision of a better world. It supports specific charitable purposes which include, but are not limited to, furthering women's health, education, and to bettering the lives of largely Native Hawaiians through social interactions with people from around the world and through the support they may provide in alleviating poverty and in keeping the Hawaiian spirit, culture and heritage alive and flourishing.

2013 07-29 Employer Identification Number (EIN # 90-1007398) received from IRS.

2013 08-13 Klaus went to First Hawaiian Bank for clarification of documents required for opening up a bank account for Alohahawaiionipaa and will officially open up an account with approved bylaws in hand from the first Board of Directors of the organization.

2013 08-15 First Hawaiian Bank account opened by Klaus and Audrey (with her Hawaiian friends in support) in the name of alohahawaiionipaa org with an initial deposit donation in the amount of $500.00 from the for-profit business alohahawaiionipaa.

2013 09-04 Klaus filed with the IRS Form 1023 (application for Recognition of Exemption under Section 501C (3) for tax exempt status) describing its major aims as keeping the Hawaiian spirit, heritage and culture alive and flourishing (with the help of the International community, creating family-supporting jobs as well).

2013 09-20 IRS accepts application for review.

2014 06-21 First annual mtg. w/o tax-exempt status in hand at Waimanalo.

2014 07-02 Letter from IRS dated 2014 6-25 suddenly received on July 2, granting **Aloha Hawaii Oni Pa`a org tax exempt**

status retroactive to July 10, 2013 (original Articles of incorporation filing date with State of Hawaii).

2014 10-09 AHOP org filed with the Hawaii Department of the Attorney General the Application for Recognition of Exemption from Registration under Hawaii's Charitable Solicitation Law (less than $25,000 in annual contributions, no employment of professional solicitor) and received official approval on October 15, 2014.

2023 8-13 Pre Board meeting discussion: incorporation papers for Alohahawaiionipaa as nonprofit

Klaus Radtke reported on filing the original incorporation papers for the above-named non-profit with the State of Hawaii on 7-10-2013 with himself and Audrey Haunani Chandler as initial incorporator. After receiving e-mail confirmation that the documents were accepted, and as per agreement with Audrey who was in Maui with relatives 7-29 through 8-8-2013, he acted as president for the new corporation in continuing the non-profit applications and preparing the bylaws. When calling back BREG he was told that the initial application efforts were completed with the State of Hawaii and that the next step would be to apply for an Employer Identification Number (EIN) with the IRS. Patiently waiting for over 30 minutes on the phone on a Monday, July 29th he was able to file Form SS-4 over the telephone and received the EIN number by mail on August 8th. While initially waiting on the phone with the IRS, he downloaded the appropriate information for further IRS filing for nonprofit status and was subsequently transferred at his request to the nonprofit section. Based upon their explanation of IRS requirements, Klaus subsequently filed Articles of Amendment to the Articles of Incorporation with the State of Hawaii on August 6th and received E-mail confirmation of acceptance on August 12th.

2013 8-23 First Board Meeting of Alohahawaiionipaa with the following Board Slate elected.

Klaus Radtke – President
Audrey Haunani Chandler - Executive Secretary
John W. Thomas - Treasurer

ARTICLE VI Section 1 — AMENDMENTS of the bylaws of alohahawaiionipaa which state: "These bylaws may be amended when necessary by two-thirds majority of the board of directors. Proposed amendments must be submitted to the secretary to be sent out with regular board announcements."

After further discussions about the importance of the Conflict-of-Interest Policy as proposed by the IRs for applications for non-profit status as was sent out by E-mail to all Board members and for review by the Executive Secretary prior to calling for this Board meeting, the bylaws were amended with Article VII Conflict of Interest Policy.

Article VII Conflict of Interest Policy

Section I - Purpose

The purpose of the conflict-of-interest policy is to protect the interests of the tax-exempt organization alohahawaiionipaa.org (Organization) if and when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the Organization or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Section 2 - Definitions

1. Interested Person

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

2. Financial Interest

A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

a. An ownership or investment interest in any entity with which the Organization has a transaction or arrangement,

b. A compensation arrangement with the Organization or with any entity or individual with which the Organization has a transaction or arrangement, or

c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Organization is negotiating a transaction or arrangement. Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial. A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

Section 3 - Procedures

1. Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

2. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

3. Procedures for Addressing the Conflict of Interest

a. An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.

b. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.

c. After exercising due diligence, the governing board or committee shall determine whether the Organization can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.

d. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Organization's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination, it shall make its decision as to whether to enter into the transaction or arrangement.

4. Violations of the Conflicts of Interest Policy

a. If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.

b. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Section 4 - Records of Proceedings

The minutes of the governing board and all committees with board delegated powers shall contain:

a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing boards or committee's decision as to whether a conflict of interest in fact existed.

b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Section 5 - Compensation

a. A voting member of the governing board who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member's compensation.

b. A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member's compensation.

c. No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

Section 6 - Annual Statements

Each director, principal officer and member of a committee with governing board delegated powers shall annually sign a statement which affirms such person:

a. Has received a copy of the conflicts of interest policy,

b. Has read and understands the policy,

c. Has agreed to comply with the policy, and

d. Understands the Organization is charitable and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.
